## A Guide for Choosing the Right Mobile Print Solution

When choosing a mobile print solution, it is important to understand what problem(s) we are trying to solve and the experience we want users to have. Sometimes the requirements are simple and straightforward while others are more complex.

The recommendations below are here to help you in your decision making process and guide you in the right direction. Use them as a jumping off point for a further discussion with PrinterOn about your exact requirements and the mobile print solution that is right for your organization.

### PrinterOn Editions at a Glance

Hosted Edition	Express Edition	Enterprise Edition
<ul style="list-style-type: none"> <li>• public cloud (SaaS)</li> <li>• flexible deployment options</li> <li>• embedded printers, plug-and-play</li> <li>• secure release</li> <li>• recommended for public print locations</li> <li>• hotels, airport lounges, libraries, SMB</li> </ul>	<ul style="list-style-type: none"> <li>• on-premise</li> <li>• single-click install</li> <li>• free 30-day free trial</li> <li>• affordable</li> <li>• basic mobile print for everyday needs</li> <li>• SMB, K-12, Higher Ed, Enterprise</li> </ul>	<ul style="list-style-type: none"> <li>• on-premise</li> <li>• high security</li> <li>• large scalability</li> <li>• mission critical printing</li> <li>• mobile printing for complex requirements</li> <li>• Enterprise, Higher Ed</li> </ul>

### Based on my requirements, which edition do I need?

Requirement / Need	Recommended PrinterOn Solution
<i>A hotel wants to provide guests a simple cloud print solution in their business center</i>	Hosted Edition
<i>My SAP users need to be able to print (native) to remote office locations</i>	Enterprise Edition
<i>I want a simple to use, affordable mobile printing solution for my business</i>	Express Edition
<i>The solution needs failover and redundancy if one of my data centers goes down</i>	Enterprise Edition
<i>A K-12 school that requires Google Cloud Print integration</i>	Express Edition
<i>I would like to charge my patrons for printing while at the library</i>	Hosted Edition
<i>A university with a BYOD policy needs students to be authenticated when printing from all devices</i>	Express Edition
<i>A legal firm that requires visiting lawyers and guests to print securely from mobile devices</i>	Express Edition
<i>A high-security organization that uses AirWatch and needs a printing solution for mobile users</i>	Enterprise Edition
<i>I would like to eliminate expensive VPN connections we currently use for printing to remote locations</i>	Enterprise Edition

Contact ACDI today to find out which mobile print solution is right for you, or start a POC (Proof of Concept) for your organization.
