COST SAVINGS

CAMPUS CARD INTEGRATION

Campus card systems are popular among larger universities and colleges, where student cards may function as identification as well as payment for various campus services such as food, parking and book shops. PaperCut integrates with several leading campus card systems, providing the opportunity to allow students to pay for printing using their campus card.

More Cost Savings features:

- Shared Accounts
- System Health Monitoring
- Payment Gateways
- Pay for Print Hardware

ACCOUNTABILITY

WEB-BASED ADMINISTRATION

PaperCut makes it easy to manage your devices, networked or non-networked, without the complexity. Instantly see who is printing, what they are printing, when they printed and on which device. View the central dashboard, any one of the 80 pre-built reports and the document archive.

More Accountability features:

- Print Release
- 80+ Reports
- Quota Printing
- Print Policies

SECURITY SECURE PRINT RELEASE

The education vertical is governed by many of the same regulations as other industries when it comes to PII - Personally Identifiable Information. PaperCut MF's Secure Print Release simplifies the complicated process of implementing an effective governance program.

More Security features:

- **Authentication**
- **Full Page Watermarking**
- **Print Archiving**

ACCESSIBILITY MOBILITY

Track and control printing from any type of device, on all popular platforms (iOS, Android, Chrome OS, Windows or Mac OS). Quickly locate any printer on your network by location, name, or code with the updated keyword search or securely manage all traffic and application deployment in your own network.

More Accessibility features:

- **Integrated Scanning**
- **Find Me Printing**
- **End User Web Tools**
- **Web Print**
