Cost Savings

# CLIENT BILLING

Empower legal admins to allocate printing expenses to clients with Client Billing from PaperCut MF. Make it simple with direct account selection popups and more on all devices.

## More Cost Savings features:

**Shared Accounts:** Charge departments for print and copy output

**3rd Party Software Integration:** Integrate PaperCut with popular billing & accounting software

**Account Selection:** Client bill-back of print and copy expenses

## Accountability

## ONLINE DASHBOARD

It's easy to manage all your staff and devices with PaperCut MF. Log in to the web-based admin dashboard to see who, what, when, where and how users are printing. Set up quotas, encourage sensible usage and view over 80 pre-built reports in one place.

### More Accountability features:

**Over 80 Reports:** Detailed reporting from user to department and everything in between

**Printing Rules & Policies:** Change user behavior with forced duplex, BW and economical MFP routing

**Print Archiving:** A detailed visual record of users print activity

**Print Tracking:** Track print usage in a networked environment

## Security

# SECURE PRINT RELEASE

Keep confidential documents safe. Protect your firm against attacks that expose sensitive client information. PaperCut MF puts privacy first with features like Secure Print Release and more.

## More Security features:

**End-to-End Encryption:** Security from the device to the print server, the print server to the printer, and the printer to the user

**User Authentication:** Verify the identity of users by using a username and password, pin number or by swiping a card

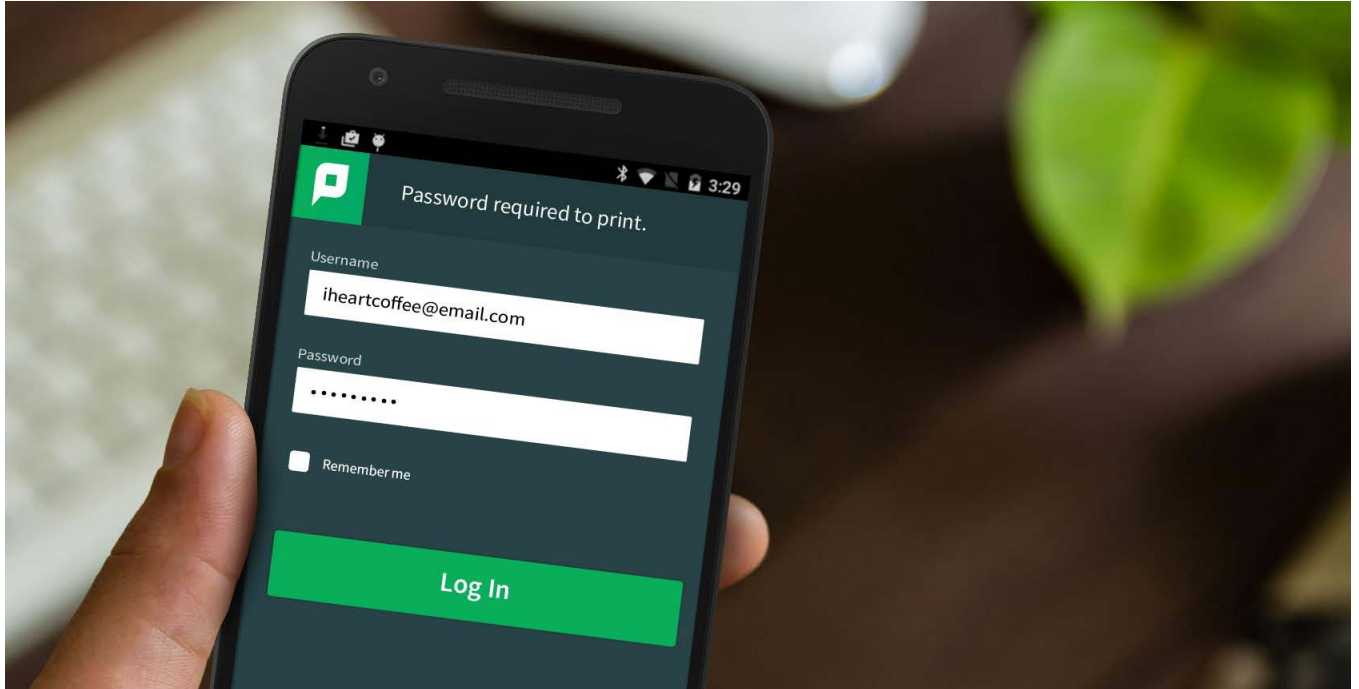

**Find-Me Printing:** Print once and release your job at any printer

**Watermarking & Digital Signatures:** Built-in features to secure and protect your environment even after a print is released

## Accessibility

# MOBILITY PRINT

Empower staff to print from any smartphone, laptop or Chromebook with PaperCut MF. Use Mobility Print to track BYOD printing in a snap or head straight to the cloud. Send your documents right to Google Drive, Dropbox and more with Integrated Scanning.

## More Accessibility features:

**G Suite Integration:** Simplifies the printing process for Chromebook and G Suite workplaces

**Integrated Scanning:** Integrated MFP scanning to email, home folder and cloud storage

**OCR Scanning:** Quickly and simply create text searchable documents and PDF's

**Scan to Cloud Storage:** Evernote, Google Drive, box, One Drive, Dropbox, and pCloud

**Site Servers:** Insures continuous availability of printing resources to key business functions
