

PaperCut^{MF} Feature REPORTING

Whether creating faculty-based reports in education, division-based reports in business, or importing reports into external systems, the options are plentiful. With over 80+ built-in PaperCut MF reports, it's easy to see who, what, when, where, and how printing occurs from anywhere on the network.

OVERVIEW

Are the same users consistently printing large print jobs? What type of jobs are they printing? Which printers are the most popular? Who printed on a Saturday? PaperCut MF is great for finding important data fast. PaperCut MF's PDF, HTML, and Microsoft Excel reports are perfect for making responsible business decisions.

Construct datasets for reports over given date ranges or filters with the PaperCut MF report panel. Reports can be automatically generated and scheduled to arrive direct to your inbox. PaperCut MF's interactive advanced charts complement printable reports, reflecting data in real-time.

Color:	83,341	99.43%	derrick.rafael (Derrick Rafael)	3,406	4.04%
Duplex Composition			Top Printer Groups		
Duplex:	828	0.98%	server\lksaar (Larsen Lksaar)	2,271	2.71%
Simplex:	82,992	99.01%	server\ethelberg (Ethel Wilhelmsen)	1,807	2.20%
			marilyn.ortega (Marilyn Ortega)	1,884	2.25%
			isabelle.fadness (Isabelle Fadness)	1,519	1.81%
			mirella.gibet (Mirella Gibet)	1,500	1.80%
			oliver.gao (Oliver Gao)	1,408	1.70%
			larryn.miyashita (Larryn Miyashita)	1,332	1.59%
			bobby.meritt (Bobby Meritt)	1,302	1.55%
Environmental Impact					
Trees Consumed	1.04 trees				
CO2 Produced	719.6 kg				
Equivalent Bulb	23,708.5 hours				

SOLUTION

- Setup and manage in just a few clicks
- Redistribute printers based on data
- Reduce paper waste and environmental impact
- See a printing summary of the whole organization
- Plan for printer upgrades based on size/number of jobs
