

PaperCutTMMF Feature

CLOUD OCR

Cloud OCR provides a quick way to search for content within your documents. Create text searchable PDFs and editable documents when scanning without needing to install a 3rd party scanning app! PaperCut MF delivers and manages quick scan, OCR and delivery functionality in one product.

Customers – SysAdmins, IT Managers, Decision Makers

- Simple solution which can be deployed across the entire fleet with minimal effort
- Free up devices so more people can get their scan jobs done

End-Users – Print & Scan Users, Walk-Up Users, Guests

- Quickly search for content within documents
- Find your document based on its content, not just its file name
